

“Top Shot” - December 2020

Christmas Message from the President

At the halfway point of the season the club is almost back in to full swing. Mal and Mary, along with many helpers , have been flat out with social groups using the club to celebrate their Christmas break-ups , but after the break , our Friday night teas will be up and running again. The very appreciative comments from all groups is a great credit to the volunteers making these nights possible.

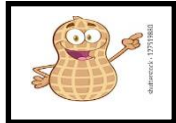

There has been mixed success on the greens with some divisions setting themselves up for top four finishes while others have a bit of work to do. The pleasing thing is, although we have had many unavailable, we have filled our teams every week, unlike some of the ‘bigger’ clubs.

The club rooms, greens, surrounds and gardens are a great attraction and the complimentary comments from all visitors are great to hear. Those working in these areas should be very proud of the results and effort they have put in. If you would like to get involved in any of these groups, it’s not too late.

So, enjoy your break. Make the most of catching up with family and friends, stay safe and have a very Merry Christmas and Happy New Year.

I’m sure 2021 will be a great year for the club if we all pitch in and do our best.
